CURRICULUM VITAE

Personal Statement

I am a hard working, motivated individual. I have a passion for design, especially in web and User Experience. Having completed a design degree and a web development diploma, I believe I am more than capable to tackle whatever challenges life throws at me.

I'm looking for a job which not only challenges me to develop my current skills, but also helps me gain new ones which will help me grow in my design career.

Qualifications

Diploma of Web Development
BDI - Bachelor of Design Innovation
NCEA Level 1,2,3

Awards and Achievements

Engineering and Design Mobile Applications Showcase Scholarship
Digital Futures Internship Scholarship
Wellington Youth Work 'Love Ya Work' award 2015

Employment Web and UX Tutor

July 2016 - Present

Yoobee School of Design

After leaving Yoobee in 2016, I was asked to return to teach in some of their programmes. Starting off in the Web Development programme which I studied in, I then moved to the level 5 Web and Graphic course and now currently running their Level 6 Web and UX Design course.

Skills learnt:

Adult Teaching
User Experience Techniques
Node JS, React JS
Other specialist programming langauges

Freelance Web Developer

Present

Since finishing studies, I have been working as a freelance designer. I have done freelance work for Creative HQ, Grow Wellington, Little Yellow Bird, Breadcrumbs, St John's in the City Presbyterian Church, and the Medical Reserach Institute of New Zealand.

Design Intern

April 2016 - June 2016

Little Yellow Bird

For this role I was taked with developing their website. Mainly focusing on an interactive tool which will help companies customize clothing to suit their brand.

Skills learnt:

Advanced JavaScript
Shopify Theme Development

Youth Worker

April 2015 - Present

St John's in the City Church

This role involves running and organising a youth group for intermediate and college age kids (aged 11 -15). I manage a small team of volunteers who help run the events.

Skills learnt:

Leadership
Communication
Group Facilitation and Management

Grocery/Host Assistant

July 2013 - April 2015

New World Thorndon

Front-End Web Developer

November 2013 -
March 2014

Digital Futures Internship Program

A 14 week start up boot camp run as a joint initiative between Viclink, Victoria School of Design and Creative HQ where a group of 5-6 students form a company and take a digital product to market.

Education

Diploma of Web Development

May 2015 - May 2016

Yoobee School of Design

Bachelor of Design Innovation

2011 - 2013

Majoring in Media Design

Victoria University of Wellington

Scots College

2005 - 2010

Interests

I love music. Listening to music is one of my favourite past times and lets me express who I am. I am also the biggest Marvel fan you will ever meet. Whether it's comics or movies, anything related to them has me hooked.
